Reply to Office Action of March 24, 2004

REMARKS

Entry of the foregoing and further consideration of the subject application in light of the remarks that follow and consistent with 37 C. F. 1.116 are hereby respectfully requested.

Claims 1 through 7, 10 through 18, 22, and 23 are pending. Claims 8, 9, 19, 20, and 21 are cancelled. Claim 1 has been amended to include the molecular sieves listed in Claim 8 as well as ZSM-38. Claim 10 has been amended to depend on Claim 1.

The Office Action states that Claims 8, 10-18, 22, and 23 would be allowable if rewritten in independent form. Claim 1 now includes the molecular sieves specified in Claim 8 as well as ZSM-38, which is listed in Claim 10. The remaining claims of the application depend directly or indirectly on Claim 1.

Applicants respectfully submit that the presently pending claims are in condition for allowance and favorable action thereon is respectfully requested.

Respectfully submitted,

Date: July 9, 2004
